BLM doesn't own that. A raised fist was a symbol of resistance long before Klantifa / Biden's Lying Marxists.

Exactly. For what it's worth I don't think we've actually seen anything new, creative, or original from the left in 50 years or so. Same tired ass recycled shit that everyone still falls for so why change it I guess.

I wouldn't rush to judgement unless you already know that person. You could be right, but it might just be one of us saying WOO HOO. The picture captures a moment in time and it might be regular celebratory fist-pumping. I think Antifa would be trying to set shit on fire and burn a flag rather than just celebrating.

So many smooth brain posts about "antifa would act this way or that, would. dress this way or that". We can't underestimate the enemy. Sophisticated infiltration, actors, informants, agents of all kinds are possible at this level

My advice is don't decide any individual. is "us" or "them". When it comes to strangers (not established personalities with a track record eg the Proud Boys leader or somebody like that), we have *no clue*.

Even in the numbers that stormed the building. I don't trust it yet. It was impulsive and we shouldn't take ownership of it, because we didn't have any consensus that it was something we wanted. If it turns out to have been a win, great, but at this point it looks like a small group of very unknown character.

What percentage of the people who regularly post here would have followed them in? My guess is-- actually hardly any of us

BLM doesn't own the raised fist.

It's been a symbol of people rising up across the world for centuries - we are humans, we know why a human makes a fist and what it means to raise it and show that fist to others.

totally agree with you. Looks like a happy person. Don't call them BLM or Antifa unless they're burning a US Flag or they themselves say they're BLM or Antifa.

It doesn't matter whether it's antifa or not. The world is watching the US explode thanks to crooked/pussy politicians and the corrupt media/bigTech.

We let china get balls deep in our nations politics/media/internet meanwhile we're locked out of theirs. Dumb asses.
